Previous: Next: As you can see it is starting to take effect and these list have been reduced. The latest addition was a beer list. Below is what it looks like. A: Even though it is a question of 'private business', given your ability to edit the SE network in general, I would appreciate if you would spend a bit of time improving your own site. It was originally made for reCAPTCHA (and Google for that matter, which stomps them hard). They are often hard to read with all the text. You could possibly use a similar font for your own captcha. Look at this screenshot, the reCAPTCHA window is so small I couldn't read anything in it: Your site in general is much too small. Someone with an even lighter setup could also use it. You've got the detail a lot more important than the background colours. As for the background images, you've got a huge empty white area to the left. In your case, it's even worse. As the questions are all the same, you could perhaps use the same images. I would say, you don't need the same image for every question, but they could be in a grid. The description around your questions are way too short. A lot of
